CONTENTS

NUMBER 1

Editorial

1 Advances in clinical pharmacy—a new series: *M. C. Nahata*

Commentaries

3 Social and behavioural sciences at the Massachusetts College of Pharmacy and Allied Health Sciences: *E. Krupat and M. A. Mesler*

7 Social and behavioural pharmacy—the Mississippi experience: *M. Smith*

Review Article

9 Reducing the risk for coronary heart disease and stroke in hypertensives—comments on mechanisms for coronary protection and quality of life: *J. Wikstrand*

Research and Reports

31 High-performance liquid chromatographic determination of floctafenine and its major metabolite, floctafenic acid in plasma: *M. H. Abdel-Hay and A. M. Gharaibeh*

37 High-performance liquid chromatographic assay of prazosin for transdermal screening studies: *S. N. Tenjarla and A. Tseggai*

43 A 1-year follow-up of prescribing patterns of analgesics in primary health care: *R. Ahonen, H. Enlund, V. Pakarinen and S. Riihimäki*

49 Influence of length of treatment on the interaction between phenobarbital and phenytoin: *M. P. Encinas, D. Santos Buelga, A. C. Alonso González, M. J. García Sánchez and A. Domínguez-Gil Hurlé*

51 The antimicrobial action of zinc ion/antioxidant combinations: *T. J. McCarthy, J. J. Zeelie and D. J. Krause*

55 Dosage optimization methods applied to imipramine and desipramine in enuresis treatment: *M. Tamayo, M. M. Fernández de Gatta, M. J. García and A. Domínguez-Gil*

61 The effect of the number of withdrawals on the sterility of multidose medication vials: *G. D. Thompson and D. F. Thompson*

65 Influence of age and co-medication on steady-state carbamazepine serum level–dose ratios in Japanese paediatric patients: *E. Yukawa, A. Suzuki, S. Higuchi and T. Aoyama*

71 **Correspondence**

NUMBER 2

Commentaries

73 Pharmacoepidemiology—its relevance to clinical practice: *A. G. Hartzema*

75 Metformin and blood pressure: *K. Landin-Wilhelmsen*

Review Article

81 Approaches to the management of hypercholesterolaemia: *C. M. Florkowski and R. Cramb*

Research and Reports

91 A rapid first-derivative spectrophotometric analysis of cephalexin and cephradine in human urine: *M. E. Abdel-Hamid, M. S. Mahrous, H. G. Daabees and Y. A. Beltagy*

97 Bioequivalency studies on tablet formulation of tetroxoprim and sulphadiazine: *H. N. Alkaysi, M. A. Sheikh Salem, A. M. Gharaibeh, K. I. Ali Gharaibeh and A. A. Badwan*

101 Assay for amoxycillin in urine using derivative spectrophotometry: *A. M. El Walily, M. Abdel Hady El Sayed, M. A. Korany and Shereen M. Galal*

107 Stabilization by ethylenediaminetetraacetic acid of amide and other groups in drug compounds: *A. G. Fogg and A. M. Summan*

111 A simple high-performance liquid chromatographic assay for ciprofloxacin in human serum: *L. K. Jim, N. El-Sayed and K. I. Al-Khamis*

117 High-performance liquid chromatographic determination of ciprofloxacin in plasma: *A. C. Mehta, S. Hart-Davies and E. A. Kay*

121 Pharmacokinetics and safety of prochlorperazine in paediatric patients receiving cancer chemotherapy: *M. C. Nahata, C. Ford and F. B. Ruymann*

125 A study of patients' self-interpretation of prescription instructions: *A. Sarriff, N. A. Aziz, Y. Hassan, P. Ibrahim and Y. Darwis*

129 An investigation of the association of benzodiazepines and other hypnotics with the incidence of falls in the elderly: *V. F. Trewin, C. J. Lawrence and G. B. A. Veitch*

NUMBER 3

Commentaries

135 A shrinking world: *G. B. Griffenhagen*

141 Advances in paediatric pharmacotherapy: *M. C. Nahata*

Review Articles

147 Hypertension, coronary artery disease and insulin resistance—linked disorders with an impact on treatment: *C. M. Florkowski, J. Harrison and M. J. Kendall*

155 Metabolic effects of β_2-agonists: *C. A. Haffner and M. J. Kendall*

Research and Reports

165 Phage typing of coagulase-negative staphylococci: *P. Boussard, A. Pithsy, M. J. Devleeschouwer and J. Dony*

169 Thioethers in urine of sterilization personnel exposed to ethylene oxide: *S. Burgaz, R. Rezanko, S. Kara and A. E. Karakaya*

173 Inappropriate digoxin monitoring: *R. J. Copeland, H. Thorpe and E. A. Kay*

175 Lack of effect of codeine in the treatment of cough associated with acute upper respiratory tract infection: *R. Eccles, S. Morris and M. Jawad*

181 Stability of mupirocin ointment (Bactroban) admixed with other proprietary dermatological products: *N. K. Jagota, J. T. Stewart, F. W. Warren and P. M. John*

185 Stability of captopril in some aqueous systems: *Y. Pramar, V. Das Gupta and C. Bethea*

191 The decomposition of phenylmercuric nitrate caused by disodium edetate in neomycin eye drops during the process of heat sterilization: *J. E. Parkin, K. L. Button and P. A. Maroudas*

NUMBER 4

Commentary

197 Who's minding your genes? *J. H. Kilwein*

Advances in Pharmacotherapy. I

201 Recent advances in the treatment of otitis media: *N. Bahal and M. C. Nahata*

Review Article

217 Progress in self treatment for psoriasis vulgaris: *J. Berth Jones and P. E. Hutchinson*

Research and Reports

223 Sorption studies of dipotassium clorazepate salt (Tranxène®) and midazolam hydrochloride (Hypnovel®) in polyvinyl chloride and glass infusion containers: *Ch. Bianchi, Ch. B. Airaudo and A. Gayte-Sorbier*

229 Pilot study to compare the bronchodilator and metabolic responses to terbutaline infusion in seven asthmatic subjects—are they correlated? *C. A. Haffner, B. Hughes, M. J. Kendall and R. Holder*

233 Determination of dissociation constants of some pharmaceutical compounds using derivative spectrophotometry: *I. I. Hewala, F. A. El-Yazbi, A. Awad and A. M. Wahbi*

241 A survey of prescription label preferences among community pharmacy patrons: *D. K. Luscombe, M. J. Jinks and S. Duncan*

245 Development of a stable oral liquid dosage form of spironolactone: *Y. Pramar, V. Das Gupta and C. Bethea*

249 Influence of age and co-medication on steady-state phenobarbital serum level–dose ratios in Japanese paediatric patients: *E. Yukawa, S. Higuchi and T. Aoyama*

NUMBER 5

Commentaries

255 That's only half the story—using literature in the education of health professionals: *M. Kilwein Guevara*

259 The cutting edge—behavioural sciences in the University of Kentucky College of Pharmacy: *H. Jean C. Wiese*

Advances in Pharmacotherapy. II

263 Advances in the pharmacotherapy of cystic fibrosis: *J. A. Bosso*

Advances in Pharmacotherapy. III

271 Issues and advances in the pharmacotherapy of asthma: *H. William Kelly*

Review Article

283 Patient compliance—an overview: *L. Stockwell Morris and R. M. Schulz*

Research and Reports

297 Drug-induced hair colour changes: *J. G. Bublin and D. F. Thompson*

303 Relationship between ceftriaxone use and resistance of Enterobacter species: *P. Conus and P. Francioli*

307 The chemical degradation of phenylmercuric nitrate by disodium edetate during heat sterilization at pH values commonly encountered in ophthalmic products: *J. E. Parkin, M. B. Duffy and C. N. Loo*

315 Stability of cisplatin in ethylene vinylacetate portable infusion-pump reservoirs: *E. Rochard, D. Barthes and P. Courtois*

NUMBER 6

Commentaries

319 What is medicine? *A. Strathern*

321 From the Halls of Ivy to the thundering horde: *L. Gutkind*

Review Article

325 A critical appraisal of chromatographic and immunoassay techniques for clinical drug analysis: *A. C. Mehta*

Research and Reports

333 The importance of side effects and outcomes in differentiating between prescription drug products: *V. Chinburapa and L. N. Larson*

343 Vitamin C aspirin interactions in laboratory animals: *N. Daş and S. Nebioğlu*

347 An analysis of clinical pharmacist interventions in an intensive care unit: *Y. Hassan, N. Abd. Aziz, J. Awang and A. G. Aminuldin*

353 Drug utilization in community pharmacy: *A. Iñesta*

357 Serum drug level monitoring in affective disorders: *J. Krska and D. A. Corner*

365 Variability in clinical pharmacology of drugs in children: *M. C. Nahata*

369 A drug usage review of omeprazole: *C. M. Norris, P. V. McManus, D. Petty and E. A. Kay*

373 Non-pharmacological treatment of hypertension: *M. M. Rumore*

383 **Author Index**
